

Delivering Sustainable Seafood of the Highest Quality, From Us To The World!

Avanti Frozen Foods is a joint venture between Avanti Feeds Limited and Thai Union Group - a global leader in seafood processing.

Encompassing seafood operations, including Shrimp-Hatcheries, Feed Manufacturing, Farms and Processing Facilities. We currently operate 10 state-of-the-art facilities located across the aquaculture hubs of India. As the largest feed manufacturing company in India, Avanti holds over 50% market share and fosters enduring relationships with a vast network of loyal farmers.

Headquartered in Hyderabad, Avanti Feeds Ltd. is also listed on the Indian Stock Exchange (BSE/NSE) and is the largest vertically integrated Aquaculture Company in India with revenue exceeding \$700 million.

For almost thirty years, we've been dedicated to the seafood industry, delivering fresh, flavorful, and chemical-free products to consumers worldwide.

Avanti's Assurance to it's Customers

100% FRESH TO FROZEN PRODUCT

Situated strategically within India's aquaculture hubs, our facilities ensure a seamless journey for raw products, traveling from farms to facilities in under 6 hours, guaranteeing maximum freshness.

CHEMICAL-FREE

All of our shrimp are cultivated in certified farms and are free from hormones or antibiotics, ensuring they are completely chemical-free.

FULLY INTEGRATED SUPPLY CHAIN

Our self-owned hatcheries, farms, and facilities ensure a year-round supply, maximizing product standardization and quality. This integrated approach also enables traceability of every level of production.

PERFECT COLD CHAIN FACILITIES

Processed, stored, and transported under controlled temperatures, ensuring a seamless farm to table journey for our products.

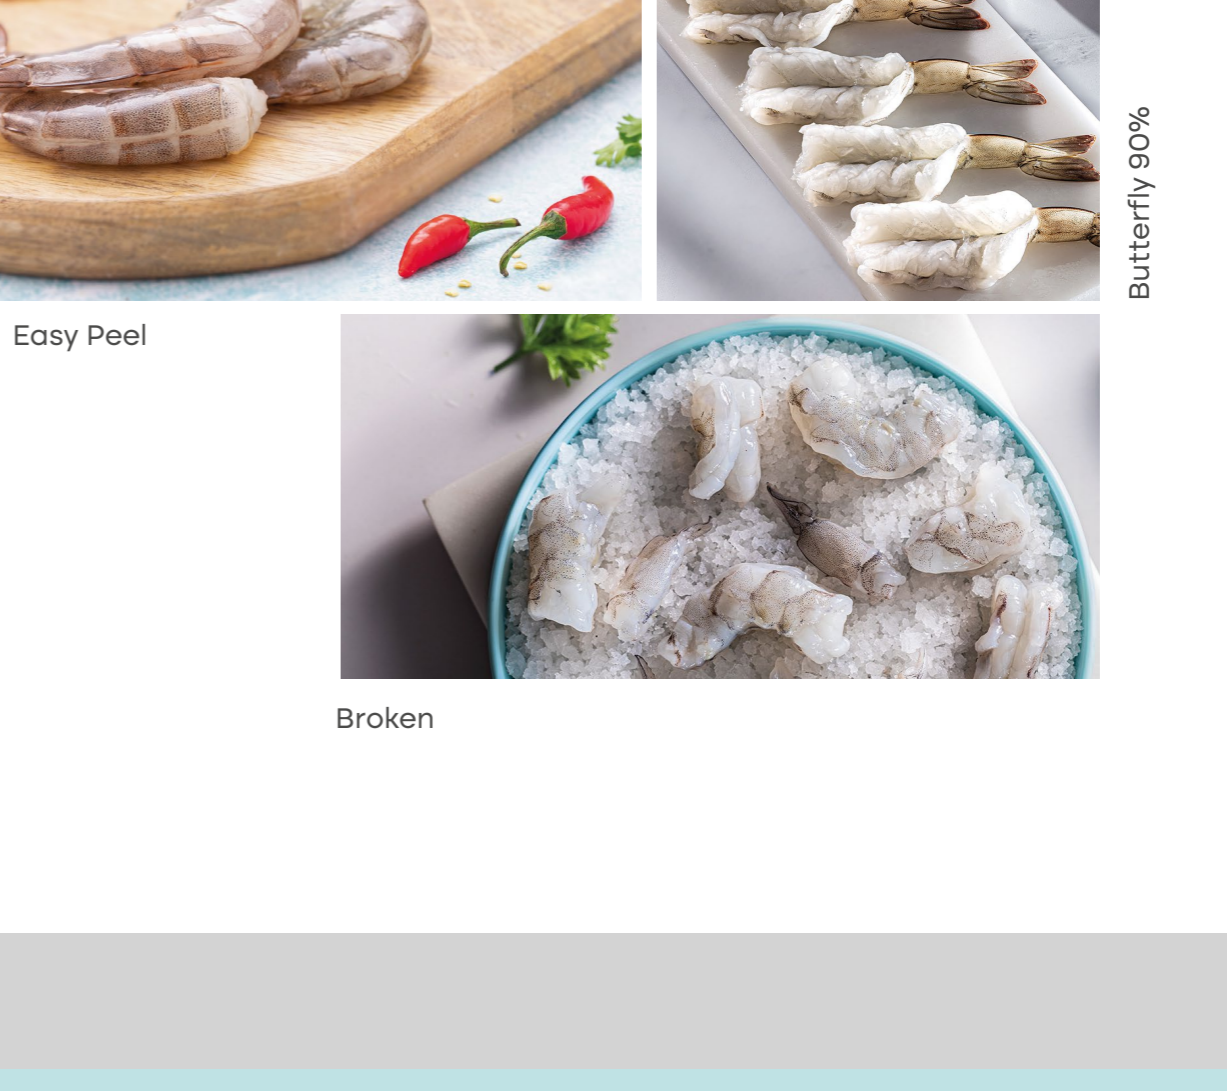

NUTRITIOUS & TASTY

Every product is handled with meticulous care, maintaining strict adherence to hygiene and quality standards to guarantee maximum freshness and flavor.

Our processing facilities operate continuously throughout the year

Avanti Frozen Foods Pvt. Ltd. boasts three highly advanced seafood processing and export facilities, equipped with modern in-house labs that adhere to international food safety standards.

With a combined capacity of 22,000 MT, these facilities enable us to deliver a fully traceable, farm to fork supply chain solutions. We offer a wide range of products, including raw, cooked, and value-added options.

- 3 shrimp processing units with 22,000 TPA
- 18,000+ farmer network
- 20,000 metric tons of yield from our shrimp farms that are BAP & ASC Certified
- 7 feed mills with 775,000 MT capacity

NEW VENTURES & INNOVATIONS

Food Ingredients Facility

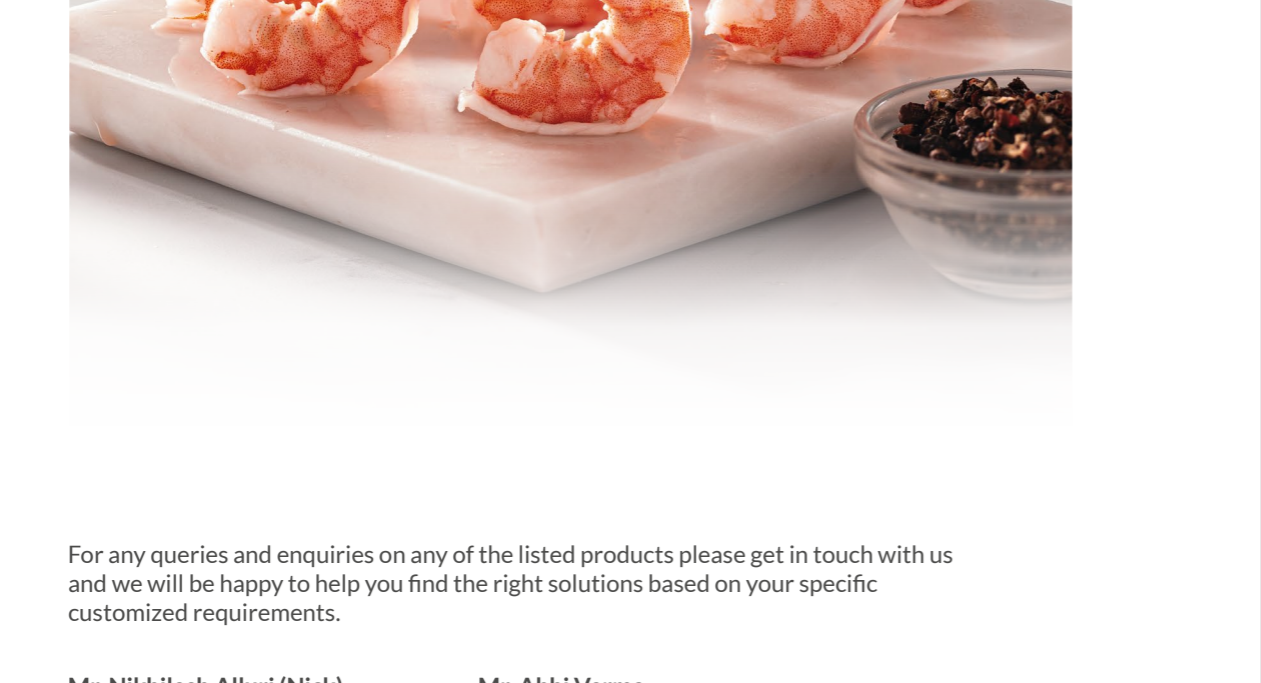

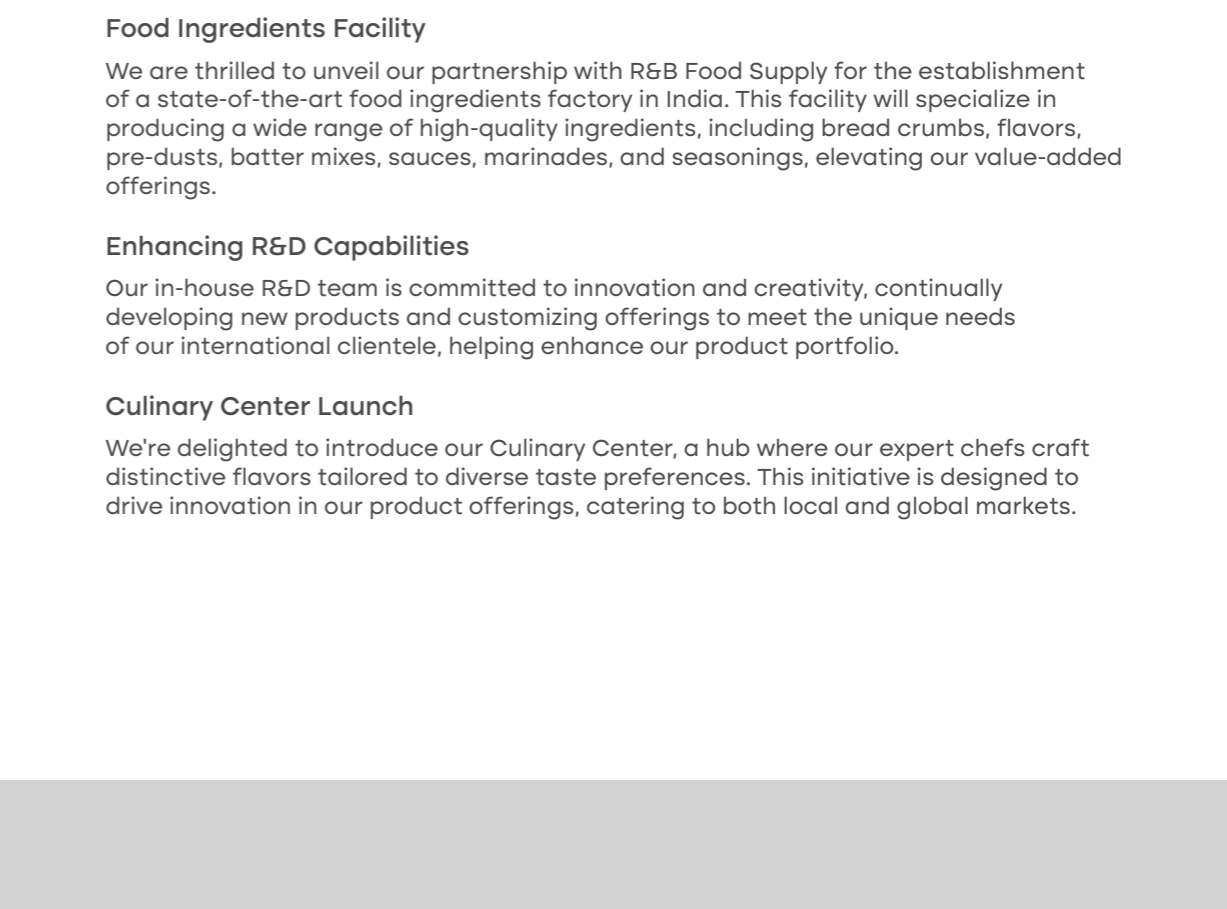

We are thrilled to unveil our partnership with R&B Food Supply for the establishment of a state-of-the-art food ingredients factory in India. This facility will specialize in producing a wide range of high-quality ingredients, including bread crumbs, flours, pre-dusts, batter mixes, sauces, marinades, and seasonings, elevating our value-added offerings.

Enhancing R&D Capabilities

Our in-house R&D team is committed to innovation and creativity, continually developing new products and customizing offerings to meet the unique needs of our international clientele, helping enhance our product portfolio.

Culinary Center Launch

We're delighted to introduce our Culinary Center, a hub where our expert chefs craft distinctive flavors tailored to diverse taste preferences. This initiative is designed to drive innovation in our product offerings, catering to both local and global markets.

For any queries and enquiries on any of the listed products please get in touch with us and we will be happy to help you find the right solutions based on your specific customized requirements.
